

Sunshine Montessori School

Consent to Photograph, Film and Interview

This form is required to be filled out for every SMS student.

SMS communicates with families and the external community through print and online materials, such as advertising, newsletters, brochures, news releases and the school website, intranet site and social media. Students and staff may be interviewed, photographed and/or digitally recorded, throughout the school year for various uses.

By signing the consent form below, you are giving permission to:

- Mention your child's achievements (with or without digital images/photographs) in our school newsletter, website and social media accounts. If needed, only your child's first name will be used. The grade level may also be mentioned.
- Use photos, digital images and/or videos of your child on our school website, social media accounts and internal publications/newsletters. Photos will be taken of groups of students and will not identify any individual student (e.g. a photo of a group of students playing basketball in the gym).
- Allow images and/or audio to be used in local, national or international news stories about school programs, initiatives, awards and/or events. Your child's full name and image may accompany the story.

If I provide consent, and then later revoke my consent, I acknowledge that although the images will be removed from the school website and social media accounts, it may not be possible to remove all traces from print publications or the Internet.

- I give permission for my child to be used in any media or photography as outlined above.
- I **do not** give permission for my child to be used in any media or photography.
